

UNITED EQUITY PIG STARTER

Item # 20001

Contains a source of phytase derived from *Trichoderma reesei*. Phytase increases the digestibility of phytin-bound phosphorus in Swine starter diets.

INGREDIENTS

Grain products, plant protein products, animal protein products, pork fat (preserved with BHA), vegetable oil, calcium phosphate, calcium carbonate, salt, L-lysine, zinc oxide, L-threonine, DL-methionine, dried *Lactobacillus acidophilus* fermentation product, roughage products, hydrolyzed yeast, zinc proteinate, L-valine, processed grain by-products, fumaric acid, butyric acid, benzoic acid (a preservative), silicon dioxide, tryptophan, basic copper chloride, iron proteinate, choline chloride, natural flavor, artificial flavor, mineral oil, phosphoric acid, L-iso-leucine, citric acid (a preservative), lactic acid, hydrated sodium calcium aluminosilicate, ferrous sulfate, sodium hydroxide, vitamin E supplement, manganese proteinate, *Yucca schidigera* extract, copper proteinate, dried *Trichoderma reesei* fermentation extract (phytase), selenium yeast, chromium propionate, niacin supplement, calcium pantothenate, BHT (a preservative), menadione sodium bisulfite complex (source of vitamin K activity), sorbitol, riboflavin supplement, vitamin A supplement, BHA (preservative), thiamine mononitrate, vitamin D-3 supplement, pyridoxine hydrochloride, vitamin B-12 supplement, dried *Bacillus licheniformis* fermentation product, dried *Bacillus subtilis* fermentation product, propyl gallate (a preservative), folic acid, ethoxyquin (a preservative), ethylenediamine dihydroiodide, and biotin.

AVAILABLE IN 50 lb (22.69 kg) BAGS or BULK.

FEEDING DIRECTIONS

Feed as the sole ration to weaned pigs weighing 13-40 pounds. Always supply a source of fresh, clean water.

- Rolled oats for greater palatability and digestibility.
- Produces the optimal lactose level for pigs in the feeding range. This is important in a monogastric species.
- Contains **Alltech Gut Health Package** which includes:
 - **GutCIE**, a *Lactobacillus* anaerobic fermentation product promotes gut bacteria with dual-action prebiotic and probiotic properties. Improve growth, feed efficiency, and overall health.
 - **Viligen™**, a complex blend of fatty acids, prebiotics, and mineral blends for gut health.
 - **Bio-Mos®**, a yeast-based prebiotic. Helps to build natural defenses by supporting a healthy gut microbiome.
 - **Integral® A+**, a non-discriminatory mycotoxin binder. Unlike clay base binders that will bind up micro- and macronutrients alike, Integral A+ allows for the binding of toxins and leaves nutrients to be digested.
 - **Organic and bioplex minerals**, allowing for better availability.
- Feed our Pig Starter to weaned pigs weighing 13-40 lbs.

GUARANTEED ANALYSIS

Crude Protein, min	18.7 %
Lysine, min	1.4 %
Crude Fat, min	4.0 %
Crude Fiber, max	4.0 %
Acid Detergent Fiber, max	9.5 %
Calcium, min	0.3 %
Calcium, max	0.8 %
Phosphorus, min	0.6 %
Salt, min	0.5 %
Salt, max	1.0 %
Selenium, min	0.3 ppm
Chromium, min	0.2 ppm
Zinc, Min	3000 ppm
Phytase, min	*907.0 FTU/lb

* One unit of phytase activity (FTU) is defined as the quantity of enzyme which liberates 1 micromol of inorganic phosphorus per minute. Environmental factors such as feed pH, moisture, and processing methods such as pelleting or extrusion, may affect enzyme activity.

WARNINGS

This product, which contains added copper, should not be fed to sheep or related species that have a low tolerance to copper. This product has been formulated specifically for swine and is not intended for other species.

Caution: Follow label directions. Feeding this feed containing added selenium at levels higher than recommended is not permitted. Caution: Follow label directions. Chromium from all sources of supplemental chromium cannot exceed 0.2 ppm of the complete feed for swine.
